To whom it concerns,

Luis Miguel Soto Sanchez attended here on work placement for three months from March to June 2018. Whilst here he was tasked with creating a new website for a music festival the station was hosting for the first time. Despite his young age, he created a fantastic user friendly website which he updated regularly, a festival App and also an online platform for advance ticket sales for the festival. His work promoting and marketing the festival was instrumental in making the festival a success.

In his endeavours here at Community Radio Youghal we found Luis to be punctual, friendly and courteous. In his time with us we also found him to be a conscientious worker that would work hard at any task assigned to him. He showed a fantastic knowledge of technology and proved to be a quick and innovative learner when assigned a task. He was also a great team player who also worked well on his own initiative and delivered all work assigned to him in a timely and efficient manner.

A well-rounded decent honest guy, he will be an asset to whomever he works with. We at CRY104FM wish him well in the future.

Regards,

Darragh Parker
